SPLENDID AUDIENCE WITNESSES SUCCESSFUL PERFORMANCE AT CITY HALL.

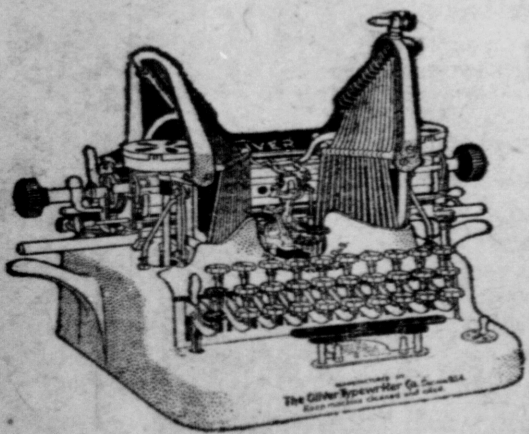

One of the most successful entertainments ever given in the city was the play "David Garrick" presented at the city hall Monday evening by the high school pupils. The players had the inspiration of a full house, every seat being occupied, and each seemed well adapted to the particular part assigned, and brought out the spirit of the drama in an unusually strong and pleasing manner.

Splendid music was rendered by the High school orchestra under the direction of Miss Lucas, and between acts Miss Clemmie Barringer gave a reading which received an enthusiastic encore.

The receipts of the entertainment amounted to \$47 which will be used for the athletic fund of the school.

UNION PRINTER'S FILM HERE

Tonight, at the Majestic, will be shown Edison's Greatest "Heart Interest" story, "A Curable Disease," as arranged by the Edison people, makes a strong dramatic story, showing the conditions that arise in the life of a young linotype operator who contracts tuberculosis while working on a New York daily. The "heart interest" in the story is depicted by the young man's love for his sweetheart, his engagement and preparations for marriage. All goes well until within a few days of his wedding, when he is told by his physician that he has become a victim of the dread disease, and that he has no right to wed until he is cured. The sorrowful leave-takings from family, sweetheart and friends are illustrated in a most realistic manner, and the other scenes are taken at the Union Printers' Home—where the young man goes to take treatment provided by the International Typographical Union for its members so afflicted—all of them full of strong human interest. The young man is cured of his disease, marries his sweetheart, "and they live happily ever after."

This story is simple and sweet and contains that tender element that reaches the heart chords and lives in the memory of the spectator who witnesses it.

Union men especially will be vitally interested in this film, because it tells so interestingly of the wonderful work that is being accomplished by the strongest and most intelligent labor organization in the world. A picture of this kind cannot fail to do good. See it, you won't regret it.

Grand Circuit Stewards Meet.

Pittsburg, Pa., Jan. 14.—The stewards of the Grand Circuit met in annual session here today to fix the dates and places for the main line trotting and pacing meets of the coming season. Several applications from outsiders have been received but it is generally believed that the make-up of the circuit will remain substantially the same as last year. A shifting of dates, however, is possible.

STILL HOPE FOR SETTLEMENT

EUROPEAN POWERS STRIVE TO BRING ABOUT SETTLEMENT OF BALKAN WAR.

London, Jan. 13.—Sir Edward Grey, the British Foreign Secretary, and the Ambassadors of the Powers are making valiant efforts to bring about a peaceful settlement between Turkey and the Balkan allies. They have had additional interviews with Dr. Daneff and Rechad Pasha, heads of the Bulgarian and Turkish delegations, respectively, advising moderation on both sides and warning them that either party, if through obstinacy it should plunge Europe into war again, would incur a heavy weight of disapproval.

The meeting of the Ambassadors today was the lengthiest yet held. They discussed the note to be presented to the Porte, passage by passage, aiming to meet every possible argument likely to be raised by the Turks.

The general impression among the plenipotentiaries is that definite decision on war or peace must come from Constantinople. Whatever concessions and compromises the Balkan League may make, the allies will never consent to the renunciation of Adrianople, which the Turks make the sine qua non of peace.

Much is hoped for from Kiamil Pasha, the Grand Vizier, a man of great ability and extraordinary influence. He is perhaps the most powerful among the Ottoman statesmen. He has succeeded in restoring the good relations between Turkey and the triple entente, and thus far has been able to prevent the Powers from taking an anti-Turkish attitude.

While progress toward peace is at a standstill here, the Balkan delegations are endeavoring to obtain advantages for themselves in the partition of the conquered territory. The kings of Bulgaria, Greece and Montenegro are working actively among their friends and relatives on the other thrones of Europe to influence the Powers in favor of the claims of their countries. It is known that they have sent special envoys to some of the capitals to support the work of their regular diplomats.

ARCHBALD CONVICTED

JUDGE OF COMMERCE COURT IS FOUND GUILTY AND WILL BE REMOVED.

Washington, D. C., Jan. 13.—Judge Robert W. Archbald of the commerce court, was found guilty today by the senate sitting as a court of impeachment of having misused his office and power as a judge for his personal gain. The penalty is removal from his high office.

Archbald was convicted on five of the thirteen counts the house of representatives brought against him. It charged that he had used his position as judge to persuade the Erie company to give to him and E. J. Williams, of Scranton, Pa., an option on a coal dump at a price probably \$30,000 less, than its real value.

On this, the first charge, the senate voted 68 to 5 for his conviction of "high crimes" and misdemeanors.

The judge was convicted on the first, third, fourth, fifth and thirteenth charges and acquitted on the second, sixth, seventh, eighth, ninth, tenth, eleventh and twelfth. This removes him from office.

At his trial the accused judge admitted practically all the facts of every accusation brought against him but protested in defense that none of them was wrongful nor corrupt nor could he have been convicted in any court of law for them.

COMMITTEE ASSIGNMENTS

SPEAKER MAXEY NAMES ADDITIONAL COMMITTEES—CRAW, WELL CARED FOR.

Oklahoma City, Jan. 14.—Speaker Maxey, working over Sunday, was able to announce eighteen more important house committees Monday, making thirty-three altogether that have been named. Most of the more desired committees are among those already appointed, though several of highest importance remain to be announced, including congressional redistricting, public buildings and capitol, elections and fees and salaries.

Representative Morris of Stephens made the only objection to the committee assignments, and then only as they concerned himself. He is on appropriations, on the code committee and was made chairman of the committee on the journal as well. He explained that because of nervousness he was not habituated to give close attention to clerical details for any great length of time, and asked to be excused from the committee on the journal, which the speaker granted; but when Mr. Morris also requested to be taken off the committee on the code on the grounds that he had asked only to be put on the appropriations committee, the speaker refused to release him.

Still Member of Code.

The tilt was entirely good natured, and Mr. Morris alone voted against the confirmation of the code committee, the result being that he is still a member. Owing to the general dispute brewing as to the action of Governor Cruce in holding up the publication of the code, this committee probably will be one of the most important in the house.

J. Roy Williams has five important assignments among the thirty-three committees already named, including rules, labor and arbitration, prohibition enforcement, banks and banking and education. H. H. Smith of Pottawatomie, another speakership candidate, is on judiciary No. 1, legal advisory, labor and arbitration and is vice chairman of the committee on impeachment and removal from office, which will handle the impeachment proceedings rumored to be in course of preparation for some high state officials.

John P. Crawford of Ada, another of the speakership candidates, is chairman of this same committee, on impeachment and removal, and has places on the committees on rules, insurance, criminal jurisprudence, and

Johnson in More Trouble.

Chicago, Jan. 13.—Jack Johnson's automobile, a safe and the fixtures of the saloon of which he was until recently proprietor, were seized yesterday by the sheriff to satisfy a judgment of \$5,621 obtained against the negro pugilist by a brewing company.

For some time the pugilist apparently has been training to fight again. He has been boxing at a local gymnasium. Objection was made to his using the gymnasium and recently he was requested to find some other place to box.

More Candidates for Senate.

Little Rock, Ark., Jan. 13.—The headquarters here of the candidates for United States Senator, long term were crowded today with politicians from all sections of the state. Associate Justice W. F. Kirby stated tonight he will tomorrow formally enter the contest for Senator. Congressman W. A. Oldfield of Batesville will very likely do likewise.

This will swell the list of entries to five, the other candidates being gov. Elect Joe T. Robinson, former Congressman S. Brundridge and Attorney General Norwood.

Col. W. M. Kavanaugh, president of the Southern Baseball Association, still has no opposition for the short senatorial term ending March 4. The governor-elect will probably be inaugurated Wednesday.

Speaking of good roads, Huntington county, Indiana, paid out over \$120,000 for that purpose in 1912 and will do as much or more in 1913. The county has entered upon a comprehensive program of road building and is pushing the work in every direction.

The state of Utah collected enough inheritance tax from the estate of the late E. H. Harriman to build a new state house. The people were saved that much additional tax, from which it will be seen that this is one method of equalizing big estates.

nation's gift. In the early days of the republic, however, Virginia earned its title of "mother of Presidents" by the long succession of the "Virginia dynasty." Washington, Jefferson, Madison, Monroe, Harrison, Tyler and Taylor, all were Virginia-born. Ohio ranks next, with six presidents to its credit—Grant, Hayes, Garfield, Harrison, McKinley and Taft. North Carolina and New York furnished three each. Jackson, Polk and Johnson were born in the tar heel state; Van Buren, Fillmore and Roosevelt in New York. Massachusetts produced two presidents, the Adamses, father and son. New Hampshire is credited with Pierce, Pennsylvania with Buchanan, Kentucky with Lincoln, Vermont with Arthur and New Jersey with Cleveland.

Governor Craig Assumes Rule.
Raleigh, N. C., Jan. 14.—The inauguration as governor of North Carolina of Locke Craig, of Asheville, took place here today in the presence of thousands of persons, the city being crowded with visitors. A parade was the feature of the day, numerous military companies from all sections of the state being in line, with many civic organizations. The inauguration exercises were held on the east front of the Capitol, where the oath of office was administered, after which the new governor delivered his inaugural address, outlining some of the purposes for which his administration will stand.

A Cupid Party.

In honor of Mr. and Mrs. E. C. Wilson the junior class gave a Cupid party at the Normal last night. Mr. Wilson is the first member of the Normal faculty to get married while in the school here, and the members of the junior class did honor to themselves as well as to the entire student body in extending to Mr. and Mrs. Wilson such a token of respect and good will. The reception room was decorated with the class colors, white and red, and hearts pierced with Cupid's arrows. Narcissuses and hyacinths were arranged in different places throughout the room.

Games were played, refreshments served, and then a beautiful picture was presented to the newly married couple as a token of appreciation from the class.

Beside the regular members of the class, several outside guests were present: Misses Beatrice Wood and Margaret Cameron, and Messrs. Cox, Little, Brents, McKinney, Jones, Biles.

OFFER THEIR SERVICES FREE OF CHARGE

The Associated Specialists licensed by the State of Oklahoma for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonable sure and certain in their effect.

These doctors are considered by many former patients among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases, and so great and wonderful have been their results that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys and bladder, rheumatism, sciatica, diabetes, bed-wetting, leg ulcers, weak lungs and those afflicted with long standing, deep-seated, chronic diseases, that have baffled the skill of the family physicians should not fail to call.

If you are troubled with Piles, you should be sure to call. Don't wait for more serious complications to tell you of the dangers of this cruel disease, act now. The Associated Specialists have cured cases where doctors and even operations have utterly failed. A cure in the most severe case is practically certain.

According to their system no more operations for appendicitis, gall stones, tumors, goiter of certain forms of cancer. The were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife, with blood and with all pain.

OLD RESIDENT OF SHERMAN SUICIDES

Sherman, Tex., Jan. 13.—M. F. Simpson is dead. When this report was heralded over Sherman yesterday it caused almost universal sorrow in the city. This was made doubly so when it was further learned that he died by his own hand.

It developed that Mr. Simpson, who has long been a sufferer from rheumatism, walked into the front room at his home, No. 310 East Mulberry street, at 12.15 o'clock, and, securing a 44-calibre pistol, placed the muzzle to the right side of the head, just above the temple, and pulled the trigger. The ball took an upward course and came out of the top of the head, just a little to the left of the center, making a hole through the head. The bones in the top of his head were slightly crushed by the leaden missile. In falling he received some bad bruises about the forehead.

TO OUR OLD CUSTOMERS AND FRIENDS:

Dear Sir:

The Ada National Bank on the 28th day of December merged its interests with The First National Bank of Ada and we take pleasure in being able to offer to our friends and customers the added facilities which this combination will enable The First National Bank to extend to our former patrons as well as all others entitled to liberal banking favors.

All of the benefits and advantages to be derived from a business connection with one of the strongest banks in the State are now at the command of our old patrons and friends, and we commend them to this strong and progressive bank in the fullest confidence that their patronage will be duly appreciated and requited by the most satisfactory treatment.

Yours very truly,

TOM HOPE, President.

TO THE FORMER CUSTOMERS AND FRIENDS OF THE ADA NATIONAL BANK:

Dear Sir:

Referring to the foregoing announcement of the officers of the Ada National Bank, we beg to say that it will be our purpose to give you as customers of this bank such service as Mr. Hope and Mr. Snead would have you believe you will receive.

The accompanying statement shows that the combined resources of the two banks, should enable us to offer you every facility your business requires and your account warrants. All we ask is an opportunity to serve you.

It has been the policy of this bank in the past to lend money to its customers, every business day in the year, at reasonable rates of interest, when satisfactory security was offered. We attribute the remarkable growth and success of our business to this practice and we propose to continue it.

The books, papers and records of the Ada National Bank have been transferred to our office, and you will find some officer of that institution with us at all times, whose pleasure it will be, as well as ours, to wait upon you.

Yours truly,

P. A. NORRIS, President.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost every one knows the value of such a combination for keeping the hair a good, even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a hair tonic of this kind was to make it in the home which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

NOTES FROM BAPTIST REVIVAL

Despite the numerous attractions in town last evening, a fair sized congregation attended services at the First Baptist church.

Brother Stubblefield preached a strong earnest sermon to a very attentive audience. He urged the Christian people to repent of their sins, be earnestly engaged in prayer and trust in God for results.

The singing led by Miss McMillan was inspiring. The songs were grand old hymns rich in sentiment and full of melody.

The subject of this evening's sermon will be "The Purpose of the Gospel."

NOTICE.

After wishing you a happy and prosperous new year I will say that I will call on you for your spring and summer orders for underwear and hosiery in due time. Thanking you for past favors I will appreciate new ones the more, promising the BEST GOODS, courteous and prompt attention.

JURY FOR EPTING CASE IS FINALLY COMPLETED

Memphis, Tex., Jan. 13.—The jury for the trial of B. B. Epting, charged with killing and with having been an accessory to the killing of Al Boyce at Amarillo, Sept. 14, 1912, was completed at 3 o'clock this afternoon. The fore part of the day was spent by the attorneys in a leisurely examination of the veniremen, twenty of whom took the stand before the panel was completed. During the day the defense exhausted four more of its challenges and the state three more, bringing the total for the defense to eleven and for the state ten.

The names of the twelve men who will occupy the jury box are W. G. Carson, H. R. Blum, Tom Evans, C. F. Brumley, J. R. Crisp, J. C. Wyatt, W. N. Weatherly, V. J. Glazener, F. J. Pace, B. H. McGregor, M. V. Evans and R. A. Starnes. Of these all but one are farmers and nine are tenant farmers or renters, occupying the same station in life as Epting. The only member of the panel not engaged in farming operates a dray line at a small town in the county. All the jurors are married men except one and he is a widower. Nearly all have large families of children.

Following the acceptance of the last juror, the defendant was arraigned and entered a plea of not guilty.

A Sign of Aberration.

BANK STOCKHOLDERS LIABLE FOR LOSS

Oklahoma City, Jan. 14.—Holding that a stockholder in a bank is amenable to the laws governing banking corporations and that the general banking act of May 26, 1908, does not destroy the effect of the provisions of the act of 1899, the supreme court Monday reversed the district court of Caddo county in the suit brought by Bank Commissioner J. D. Lankford against J. A. Menefee, a stockholder of the defunct Columbia Bank and Trust company, to recover a statutory liability under the general banking laws of the state. Special Justice F. E. Riddle presided and the opinion was concurred in by Justices Turner, Kane and Russell, Justice Dunn dissenting.

In his petition which was filed August 19, 1911, the state bank commissioner alleged that on October 7, 1905, the Columbia Bank and Trust company was incorporated and that it continued to do a banking business until September, 1909, when it failed; that the plaintiff took charge of the corporation and proceeded to liquidate its obligations. He further alleged that there remained an indebtedness more than the amount of the capital stock paid in, which was alleged to be \$200,000. At the time the bank was taken over he alleged that the defendant, J. A. Menefee owned 250 shares of the stock at \$100 a share that he is still the owner of the stock and by reason thereof he is indebted to the bank commissioner in the sum of \$25,000.

To this petition the lower court rendered judgment for the defendant and an appeal was taken to the supreme court where this decision was reversed. In his opinion, Justice Riddle held that the defendant, as owner of stock in the corporation, was amenable to the general laws of 1899 and that the contention of the defendant that the act of May 26, 1908, destroyed the effect of the provisions of the act of 1899 was untenable.

By the same opinion the decision of the district court of Caddo county in the suit of State Bank Commissioner J. D. Lankford against Boone D. Hite was likewise reversed, the issue in the two cases being identical.

AN OLD INDIAN REMEDY

S. S. S. is one of the oldest of medicines; it was prepared and used by the Indian Medicine Men hundreds of years ago in the treatment of all blood disorders. Of course it did not then bear its present name, but the formula for compounding it was just what it is today, and its results then as now, entirely satisfactory to those who used it. S. S. S. is made entirely of roots, herbs and barks without the addition of a particle of mineral. It is the widest known and the best acting blood purifier before the public today. This great remedy cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Specific Blood Poison and any and all blood infections and impurities. No one need fear to use S. S. S. It is perfectly safe for any system, and its fine vegetable tonic effects especially recommend it to all weak, debilitated persons who may be in need of a blood purifier. S. S. S. goes into the circulation and removes every particle of impurity, humor or poison from the blood. S. S. S. acts most pleasantly and beneficially on the stomach, assists in toning up the digestive members, and contributes in every way to the blessing of strong robust health. Write for free book on the blood and any medical advice you wish. S. S. S. is sold at drug stores.

The Frisco is helping to put Ada on the map everywhere in the current number of Harpers Weekly it has a page writeup of the country through which the road runs and also a number of illustrations. Among these cuts is one of the Oklahoma Portland Cement Co. at Ada. As Harper's has a 'world-wide circulation it will be seen how important a mention of this kind may prove to this section. When once the attention of prospectors from outside states is called to the place and they begin making inquiries, Ada can do the rest by showing them what advantages it has to offer.

Dominion Parliament Reassembles.

Ottawa, Ont., Jan. 14.—Confronted with a heavy legislative calendar that is calculated to keep its members busy for many weeks to come, the Dominion Parliament reassembled today after the holiday recess. The present plan is to delay all other business until after the Naval Bill is disposed of. How long this will take is purely a matter of conjecture. It is evident that the opposition intends to discuss the Naval bill at length. The government retains its feeling of confidence that eventually the measure will pass without alteration in any of its essential details.

To Re-Elect Senator Warren.

Cheyenne, Wyo., Jan. 14.—The twelfth Wyoming legislature, which will be called upon to elect a United States senator and to act upon numerous legislative proposals of importance, was opened here today. The republicans have a majority on joint ballot, which is believed to assure the re-election of Senator Francis E. Warren. A measure for the direct election of United States senators, a new initiative and referendum law, the creation of a state railway commission and ratification of the federal income tax law are among the important items on the legislative program.
